

Federal Solutions

Federal CIOs and IT leaders have faced unprecedented challenges over the past decade including: unreliable and unsecure connectivity solutions, aging telecom infrastructure, and burdensome vendor management.

Connect Smarter™ with one single partner with decades of expertise in the Federal space, \$2B+ in Federal contracts, and a proven track record of significant cost savings and operational efficiency.

MetTel Simplifies Complexity

Your single source for a customized, fully managed solution. We integrate the widest selection of technologies fortified by our private network and decades of insights to deliver proven, cost-effective solutions with complete transparency. As seen in:

NAICS Codes

- Small Business: 517111, 517112, 517911
- Large Business: 518210, 541511, 541519

GSA IT Schedule 70

- Contract number GS35F0494X
- Services include SD-WAN, IP Voice & POTS

GSA EIS Awardee

- Contract number GS00QI7NSD3007
- Only small business offering MTIPS security
- Raytheon is EIS Security Partner

Other Contracts

- USPS – TIPN-E Contract
- SPIRAL 4 - DoD wireless contract
- VA NLEC –voice and data services

Featured Solutions

POTS Transformation

**Upgrade Legacy
Copper Lines with Ease**

Federal agencies relying upon copper lines for safety-critical systems for security, fire safety, and more face increased costs and decreased service. Upgrade to MetTel's industry-leading solution with the broadest compatibility with legacy safety and telecom systems, backed by our smart network.

SD-WAN

**Secure, Streamlined Network
Performance**

MetTel's advanced SD-WAN solution enhances reliability, scalability, and connectivity for distributed locations while maximizing cost optimization. With real-time monitoring, automated failover, and centralized management, intelligently route traffic across multiple connections and optimize bandwidth.

Starlink

**Provide Managed
Connectivity from Anywhere**

MetTel is an Authorized Reseller of Starlink for Government. We make Starlink management easy with installation support, financing, and ongoing management, plus industry exclusive dashboards you can't get anywhere else.

STARLINK AUTHORIZED
RESELLER

Customer Success Stories

POTS Transformation

USPS

MetTel led a comprehensive upgrade of legacy POTS lines to POTS transformation across 17,000 USPS sites nationwide. MetTel rapidly installed 5,000+ sites per month and preserved connectivity for critical infrastructure at a lower cost.

SD-WAN

GSA

The GSA approached MetTel to improve their network. MetTel deployed high performance fully meshed SD-WAN resulting in better performance at a lower cost. "MetTel's SD-WAN continues to impress GSA overall." – feedback from 2024 CPARS Quality Evaluation.

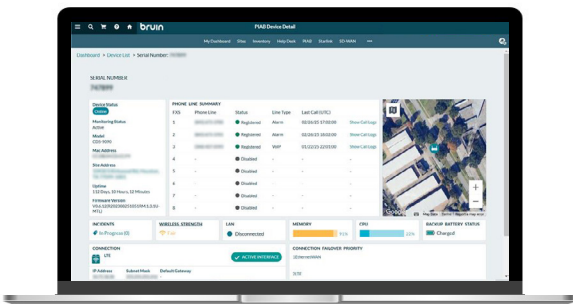

Starlink

Various Federal Agencies

From Antarctica to Alaska MetTel fortifies government connectivity in even the most remote locations with MetTel managed Starlink for a variety of Federal agencies.

MetTel Federal Portal

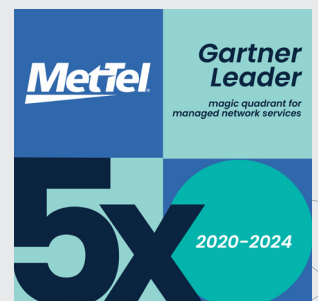

- Visibility into all communications costs, assets, and performance
- Control all network functions from ordering to invoicing with intelligent automation
- Insight into usage, performance and billing data with robust reporting
- Support via help desk providing real-time and interactive ticket tracking and resolution
- Efficiency through robotic process automation (RPA) which independently provisions hundreds of telecom carriers partners saving time and money

About MetTel

MetTel is a global communications solutions provider for businesses and government agencies. We design and deploy tailored connectivity and networking solutions for voice, data, mobility, and IoT by leveraging our global private network and the industry's broadest portfolio of innovative technology.

For the 5th year in a row, we have been named a Leader in Gartner's Magic Quadrant for Managed Network Services. Our leadership is driven by our expertise in network automation and performance, consistently delivering tailored solutions that exceed expectations. Our approach encompassing technological innovation, unmatched customer service, and economic value, is what sets us apart.

Gartner, Magic Quadrant for Managed Network Services, Ted Corbett, Karen Brown, Danellie Young, Jon Dressel, Lisa Pierce, Nauman Raja, October 14, 2024.
