

Managed Wi-Fi

Get a secure and powerful wireless network.

Simplify your business' operations by adopting MetTel's Managed Wi-Fi solution. Get the benefits of a wireless data network with hassle-free installation, management and 99% uptime. Managed Wi-Fi simplifies your business strategy by offering a reliable network, training, and award-winning support to always keep your technology up to date.

Key Benefits

PUBLIC & PRIVATE WI-FI ANALYTICS

By managing and analyzing all your Wi-Fi, you can offer the most reliable connectivity for all users including customers, guests and employees. Customers and guests are provided easy access —without compromising on security—and you collect valuable customer data to be used in highly targeted ways. And, your entire network is secured at the highest levels, meeting any industry specific requirements and standards.

NETWORK MONITORING & CENTRALIZED WI-FI MANAGEMENT

Monitor network using existing or MetTel WLAN. Complete management platform for building and managing enterprise-grade Wi-Fi service infrastructure.

SECURITY

Implement secure Wi-Fi by deploying content filtering using MetTel's optional Cloud Firewall.

Features

HIGH-SPEED

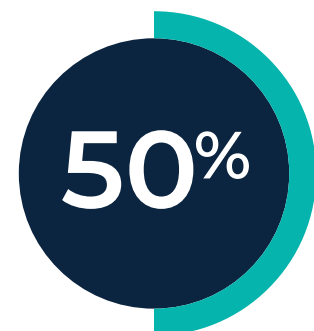

Utilizing and AC dual-band access points, our Managed Wi-Fi solution provides huge improvements in speed for organizations that have already implemented first and second generation networks.

COMPLETE COVERAGE

Managed Wi-Fi is designed to provide powerful signal strength throughout your facility.

RELIABILITY

With MetTel's professional installation, leading-edge Wi-Fi equipment, and 24/7/365 remote monitoring, you can rest easy and keep your focus on your business.

Over 50% of all SMBs use Wi-Fi technology almost a decade old

Customer Solution & Deployment

We work with you to determine the best solution for your business' needs with the highest level functionality standard. Below is an outline of our process.

1 ASSESS

We survey the property and business needs

4 MANAGE

Award-winning 24/7/365 monitoring

2 CUSTOMIZED

Designed to match your business' needs

5 SUPPORT

Individuals can be directed by Help Desk

3 DEPLOY

Technicians deploy quickly and efficiently

6 EVOLVE

Grow your business and innovate your brand

Additional Benefits

VIP CUSTOMER CARE

MetTel's award-winning, 24/7/365 customer service will keep you up and running by troubleshooting your network issues.

FLAT-RATE PRICING

Consistent billing rates make budgeting your Wi-Fi easy.

ONSITE SUPPORT

Nationwide repair and guest support is available.

FLEXIBLE PRICING MODELS

Both CapEx and OpEx models are available.

Turn-Key Solution

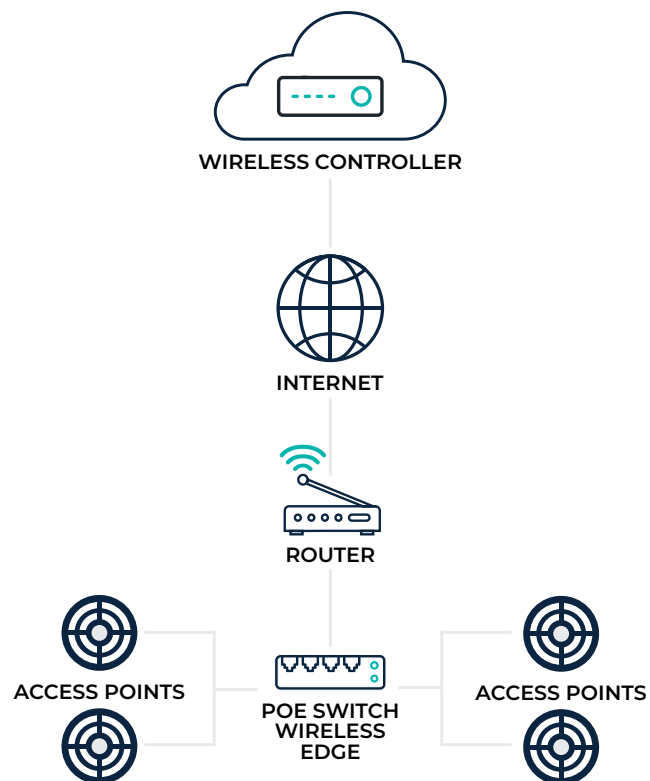

Both our public and private Managed Wi-Fi solutions include all installation and cabling, hardware, access points, switches and controllers. You'll have complete management and maintenance covered with multiple service set identification (SSIDs) that can be delivered on separate wired VLANs. We use AC 2.4GHz and 5GHz bands for the highest capacity and offer a customer portal for easy control.

MANAGED ENTERPRISE WI-FI

Get predictable, flat-rate pricing paired with an end-to-end Managed Wi-Fi package.

MANAGED PUBLIC WI-FI

With our public Wi-Fi solution, you get complete set-up with a landing page, our management system, and Wi-Fi Analytics for monitoring user behavior and Wi-Fi monetization. Your customers can easily log in using social network platforms such as Facebook, LinkedIn, Twitter and Google.
