1. The purpose of this modification is to:
 - Make changes to the wording in Section B.1.2.12;
 - Add Table B.1.2.12.2 - TUC Regional CLIN Bundling Table for use only when bundled TUCs are used for regional pricing. The new table does not change the requirements in other deliverables; and
 - Change the charging unit in Table B.2.7.2.2.
2. The contract is modified as follows:

TABLE OF CONTENTS: Section pages renumbered.

SECTION B CHANGES:

1. Section B.1.2.12 is changed to read as follows:

B.1.2.12 CLIN Bundling

Agencies may desire to combine multiple contract CLINs and/or ICB CLINs into a single TUC. For example, an agency may wish to bundle a VPNS Port CLIN, MNS CLIN, and SRE into one combined CLIN. In these instances, the contractor shall provide items that have been combined for a specific TO in Table 0 or Table B.1.2.12.2, to facilitate the collection of the components necessary for an accurate inventory. A TUC defined in Table 0 or Table B.1.2.12.2 shall be priced using the TUC price table of the transport service that is bundled into that TUC and shall not be priced using General TUC Prices Table B.4.1.14.1.. If no transport service is included in the bundle, then the TUC shall be priced using the TUC price table of the predominant service for which the TUC is defined.

B.1.2.12.1 TUC Combined CLIN Component Table

CLIN*	Case Number	Task Order Number	Component CLIN**	Component CLIN Case Number***	Component Access PHub ID****	Component SRE Pricing Element****	Component CLIN Quantity	Start Date	Stop Date

* From the appropriate TUCs of the basic transport service for the combined CLIN set (e.g., VPNS)

** Component CLINs associated with the combined TUC. A separate row shall be used for each component CLIN

*** Where applicable, otherwise "-1"

**** Where applicable, otherwise null

Table B.1.2.12.1 shall be used when the combined TUC is defined for a single location. A combined TUC defined in Table B.1.2.12.1 shall not contain multiple component CLINs for transport (e.g., combining 50 Mbps VPNS with 100 Mbps VPNS), or multiple component CLINs for Access Arrangements. All component CLINs bundled into a single TUC must use the same billing frequency.

2. Table B.1.2.12.2 is added to the contract:

B.1.2.12.2 TUC Regional CLIN Bundling Table

CLIN*	Case Number	Task Order Number	Region**	NSC	Country/Jurisdiction ID	PHub ID***	Component CLIN	Component CLIN Case Number****	Component SRE Pricing Element****	Component CLIN Quantity	Start Date	Stop Date

* From the appropriate TUCs of the basic transport service for the combined CLIN set (e.g., VPNS)

** An agency-defined label used to group locations together to share common pricing

*** Used for pricing domestic fixed-price Access Arrangements, otherwise null

**** Where applicable, otherwise "-1"

Table B.1.2.12.2 shall be used when the TUC is defined for a region rather than a single location. Its use shall be limited to situations where multiple NSCs and/or country/jurisdictions are grouped together into an agency-defined region that uses the same flat-rate pricing for all locations mapped to the region in the agency TO. Due to this regional pricing strategy, the sum of the component CLINs specified in Table B.1.2.12.2 is not expected to correlate with the price of the TUC case being defined, nor are the component CLINs required to be shown on the billing invoice. In Table B.1.2.12.2, the component CLIN billing frequency is permitted to differ from the billing frequency of the TUC being defined. For each CLIN+Case Number+Task Order Number+Region+NSC, one row shall be added for each component CLIN that contributes to the bundled services provided at that NSC.

For TUC cases defined in Table B.1.2.12.2, the NSC and country/jurisdiction columns of Table B.1.2.14.1 shall be populated with "-1" so that B.1.2.14.1 only records the case description and charging unit ID.

3. **Table B.2.7.2.2:** The Charging Unit in CLIN FS02001 is changed from KB to Kbps:

CLIN	Frequency	Description	Charging Unit	Notes
FS02000	NRC	CFSS Installation	Terminal	ICB
FS02001	MRC	CFSS Bandwidth	Kbps	ICB

3. The estimated dollar value of the contract remains unchanged.

4. Except as provided herein, all prices, terms and conditions of the document referenced in Item 10A remain unchanged and in full force and effect.
