Re: Update SRE Catalog – Add

Good morning, Pat.

As requested, GSA reviewed Met Tel EIS catalog submission ME00226.01c for proper structure and formatting in accordance with the requirements described in Section J.4.2 and B of the EIS contract. Met Tel is proposing to add seventeen (17) SRE catalog entries. These seventeen (17) SRE entries are as in condensed form (see submission ME00226.01c for full details) as follows:

model_part_desc	device_size	rated_for_eff	energy_std_ratings	olp	no_list_price	device_class_id	sre_mrc_options

Novatel Global USB Modem USB730L (VZ) - USB730L-VZ	2	f		249.99	f	6000	{24}

There are no other changes proposed or found in our review. The proposed updates were submitted in the proper format and structure for catalog submissions in accordance with Section J.4.2 and B.2.10 of the EIS contract. A verification of the proposed official list prices was completed and GSA found no issues. There are no errors listed in the error checker results file. No mod was needed for this request, so no SF-30 will be generated. The seventeen (17) SRE entries have already established contract device class discounts from the manufacturer's official list price (olp). As the CO, I approve of the update of the addition of these seventeen (17) SRE catalog entries for submission ME00226.01c.
