**Subscriber Intrastate Access Service**

**General Description**

The Subscriber Intrastate Access Service provides interconnected access to the local public switched telephone network so that local exchange customers can make and receive calls to and from the customers of other carriers within the state.

**Limitations**

(A) A telephone number is not provided with Subscriber Intrastate Access Service.

(B) Detail billing is not provided with Subscriber Intrastate Access Service.

(C) Directory listings are not included with Subscriber Intrastate Access Service.

(D) Intercept arrangements are not included with Subscriber Intrastate Access Service

**Undertaking of the Company**

The Company will provide Subscriber Intrastate Access Service to each Customer that subscribes to its local exchange service.

**Term of Service**

Subscriber Intrastate Access Service shall be coterminous with the Company's local exchange service, and the Subscriber Access Charge shall apply for each telephone line or service as defined herein for all periods in which Customer subscribes to local exchange service from the Company.

**Rate Regulations**

(A) If Customer is eligible to receive prorated credit for their associated local exchange service, such as for network outages or suspension or termination of service, the Subscriber Access Charge will be prorated or credited in the same manner consistent with the terms of this tariff and any contract. No other credits are available for Subscriber Intrastate Access Service.

(B) When Customer is provided more than one local business exchange service in a state, the Subscriber Access Charge Multi-line Business Subscriber rates are assessed for each line.

(C) The Subscriber Access Charge, as set forth in following table will be billed to the end user subscriber of the associated local exchange service, including, where applicable, a reseller of the associated local exchange service, in which case the reseller shall be deemed an end user for purposes of application of such charges.

**Business Rates - Continued****Subscriber Intrastate Access Service - continued****Rate Regulations - continued**

(D) For each local exchange service provided as remote call forwarding business service under the Local Exchange Service Tariff or Product Guide, the Subscriber Access Charge does not apply.

**Local Service Business Rates (continued) (C)**

**Local Telecom Surcharge**

**Rate Regulations,**

(A) Telecommunications rules and regulations allows Incumbent Local Exchange Carriers to increase rates to wholesale providers in the form of a surcharge per line. As a result of these rate increases, the Company will assess the Local Telecom Surcharge on all local exchange service lines provided by the Company. See table on following page 5.4 for rates.

**Carrier Access Recovery Charge**

**Rate Regulations,**

(A) Customers assessed a Subscriber Intrastate Access Charge as specified in table on preceding page 5.2 will be assessed a flat-rated, monthly Carrier Access Recovery Charge (CARC). CARCs will be billed to the associated end user or reseller of the local exchange services except for those customers who participate in the Lifeline Assistance Program. See table on following page 5.4 for rates.

**Regulatory Recovery Fee-State**

**Rate Regulations,**

(A) Regulatory Recovery Fee-State (RRF-S) is a charge assessed to recover the costs of state and local regulatory activities, including costs associated with compliance filings, payments to industry organizations for required services, legal expenses and employee salaries related to those Company regulatory activities. See table on following page 5.4 for rates.

**End User Port Charges**

**Rate Regulations,**

Certain local exchange services provided under the general and/or local exchange service tariffs are subject to End User Port Charges. These services include:

- Integrated Services Digital Network (ISDN) - Basic Rate
- Integrated Services Digital Network (ISDN) - Primary Rate
- PBX Trunks

See table on page 5.5 for rates.

**Local Service Business (continued)****Local Portability Charge****Rate Regulations,**

- (A) Telecommunications rules and regulations require all local phone companies to provide "service provider number portability," which allows customers to retain their local phone number when switching companies to provide their local phone service. The Local Portability Charge (LPC) is used by telephone companies to recover the costs associated with the development, implementation, and operability of service provider number portability.
- (B) The Company will assess the Local Portability Charge (LPC) on all local exchange services. The LPC, as set forth below applies to all local exchange service lines provided by the Company.

**Rate Table (LTS, CARC, RRF-S and LPC) applies to all Service Areas**Monthly Per Line or Per Trunk\*
